Commissioner of Patents

The amendment filed on November 4, 2003 canceling all claims drawn to the originally claimed and examined invention and presenting only claims drawn to one or more different and distinct inventions is non-responsive (MPEP § 821.03). The new presented claims (claims 9-89) are not readable on the originally claimed (and examined) invention because the invention claimed in original claims 1-8 was drawn to a therapeutic peptide, whereas newly presented claims 9-89 are drawn to numerous methods of using a therapeutic peptide, none of which have been previously considered and/or searched.

Since the above-mentioned amendment appears to be a bona fide attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
